Think through and prepare for the additional responsibilities associated widamipuisd ioffig of campus successfully requires:

- x Being considerate and assertive enough to negotiate living arrangements with several roommates
- x Being assertive and conscientious enough to effectively communicate with landlords, utility companies, repair people, etc.
- x Being a matue, considerate neighboil. he area around campus is not all students. There are residents of all ages nearby, including many families and elderly residents.
- x Managing time and energy to handle extra responsibilities along with [academic load, courricular commitments, possible graduate/professionsachoolapplications or post-collegejob search

Safety Considerations When Evaluating a Potential Apartment

- x Try to visit or observe the property during the day and after dark. Is there adequate lighting dathe property? Would you feel comfortable walking between your vehicle or the street to the apartment entrance?
- x Is the landscaping and foliage around the property kept trimmed so that pathways, entrances, and windows are unobstructed?
- x Does the apartmet already have an alarm, door camera and/or security camera? If not, would the landlord add one? (State any additions in the lease and have both parties sign.)
- x Are there two exits to the property? (required by fire code)
- x Do all doors and windows have sthyrlocks?
